Connect-CTY Launch Test Message

Hello, this is Deer Park Village President, Scott Gifford calling to test our new **Connect-CTY**® Village-to-resident notification service. We will be using this service to call you with information about time-sensitive or common interest issues such as emergencies affecting the well-being of residents as well as to keep you informed about local community matters.

Future messages may contain information and directions regarding issues such as a missing child, a street closure in your area, or simply to invite you to attend a community event. This system will be used to supplement current communication methods and augment existing public safety communication channels to keep you better informed.

Once again, this is just a test and there is no need for you to respond.

If you would like to receive future messages at a different phone or wish to add alternate phone numbers or an email address, please visit the Village of Deer Park's website at www.village.deer-park.il.us and click on the link that says "SIGN UP NOW – CONNECT-CTY"

Thank you for listening, and good bye!

To listen to the above message, you will need audio software and speakers on your computer.
