BACOG Event

The Barrington Area Council of Governments will hold a public meeting on November 30, 2009 at the Barrington Village Hall, 200 S. Hough Street, Barrington, from 7:00-9:00 pm to present important groundwater information to the communities of Barrington, Barrington Hills, Deer Park, Lake Barrington, North Barrington, South Barrington, Tower Lakes and unincorporated Barrington and Cuba Townships. Groundwater is the water supply that nearly all residents in this area rely on each day for many activities such as drinking, bathing, washing cloths and watering gardens. BACOG studies groundwater resources because of identified potential shortages in adjacent areas as early as 2020, increasing withdrawals from these shallow water resources, and groundwater dependent natural areas. The BACOG Groundwater Presentation will characterize water resources and answer questions about groundwater in the Barrington area. Please call the BACOG office at (847) 381-7871 or send email to bacog@bacog.org if you have questions about the public meeting. You can also visit the BACOG website at www.bacog.org.
