***ACKNOWLEDGEMENT: I understand this permit is issued on the basis that there is no activity taking place that requires a building permit. If unpermitted work is discovered, the property will be subject to a stop work order along with applicable fines.**

Applicant Signature Agreeing to Comply with Requirements: _____ **Date:** _____

A. Dumpsters: In the absence of a valid building permit, dumpsters, trash containers, construction debris containers, roll-off containers and similar receptacles must adhere to the following restrictions:

1. *Permit Required: Only one (1) dumpster is permitted per zoning lot.*
2. *Permit Application Fee: The property owner on whose property the dumpster is to be placed shall summit application and permit fee of $50.00 per dumpster per instance.*
3. *Maximum Duration for non-construction use: The use of any dumpster on a property shall be limited to two (2) separate instances per calendar year, each not to exceed fifteen (15) consecutive days per instance.*
4. *Location: Dumpsters shall be kept on a solid improved surface and must be stored entirely on private property.*
5. *Encroachment Prohibited: Dumpsters shall not encroach into any easement, public sidewalk or right of way.*
6. *Waste not to overflow: Debris or any other waste or items placed in dumpster shall not exceed the top or sides of any dumpster. Dumpsters that are overflowing or have garbage exposed so that debris is blown from the dumpster are deemed to be a **nuisance**.*
7. *Stacking Prohibited: Dumpsters shall not be stacked on top of any other dumpster, container, or structure.*
8. *If dumpster is approved for construction purposes, the dumpster must be located on private property and must be removed when the building permit expires or construction has ended. No final inspection approval shall be granted until the dumpster has been removed and all debris/construction refuse has been removed from the site.*
